If you're looking for a beach house in 2026, this is one of Belmar's "best buys" With views of the ocean and steps to the sand, this home will impress you at an affordable price.

It is reverse living to give the main level access to a peaceful sunroom with a spacious balcony to catch the ocean breezes. In addition to this Family Room, there are three bedrooms, two baths and a den.

Everything has been designed for low maintenance (as a beach house should be!). The home has been well maintained with some recent updates in the last few years.
